

CLEAR-DIESEL®

FUEL & TANK CLEANER

+PETROFRESH™ STABILIZER Keeps Fuel Fresh

- + Effective in all diesel fuels, including Ultra Low Sulfur Diesel (ULSD) and Biodiesel
- + Disperses diesel fuel contaminants
- + Removes water
- + Prevents premature fuel filter plugging
- + Protects against fuel tank corrosion
- + A highly effective tank cleaner
- + +PetroFresh® provides maximum long term storage stability, keeping fuel fresh

Provides Long Term Fuel Stability

Diesel fuel deteriorates when stored for more than 90 days. +PetroFresh® keeps fuel residues dispersed and diesel fuel fresh when stored for up to 12 months. Fuel tanks stay cleaner and fuel filters last longer with Clear-Diesel®.

DIRECTIONS FOR USE

To clean tanks and prevent premature fuel filter plugging, pump or drain excess water and fuel contaminants from the bottom of the fuel tank until diesel fuel appears. If the fuel tank does not have a bottom drain, a pump or fuel recirculation rig will be required to remove excess contaminants.

Determine the total capacity of the fuel tank to be treated. Add Clear-Diesel® at the ratio of 1 part for every 200 parts of fuel and then fill the tank with fuel. To simply maintain a clean fuel tank and stabilise fuel for long term storage, add Clear-Diesel® at the ratio of 1 part for every 400 parts of fuel and then fill the tank with fuel.

CLEAR-DIESEL® FUEL & TANK CLEANER PRODUCTS

Part#	Case Quantity	Treats Up To
9225-06	6 x 32 Ounces	100 Gallons
9241-04	4 x 96 Ounces	300 Gallons
9250-02	2 x 2.5 Gallons	1,000 Gallons
9255-01	1 x 55 Gallon Drum	22,000 Gallons

Advanced Cleaning Technology

Power Service Clear-Diesel® Fuel & Tank Cleaner is an advanced fuel tank cleaning technology that has proven effective in hundreds of fleet, marine, construction and agricultural applications.

A highly concentrated formulation, Clear-Diesel® makes treating fuel simple and cost effective. Clear-Diesel® can be used as a vital part of any preventative maintenance program or for immediate clean up of equipment or fuel storage tanks. It even combats water contamination.

PHYSICAL PROPERTIES OF CLEAR-DIESEL® FUEL & TANK CLEANER

Colour	Yellow
Density (lbs/gal)	7.38
Sulphur Content	<15 ppm
Flash Point	104°F
Pour Point	-90°F
Shelf Life	Indefinitely in Sealed Container
Solubility	
In Diesel Fuel	Completely Soluble
In Biodiesel and Biodiesel Blends	Completely Soluble
In Kerosene	Completely Soluble
Classification	HM-181 Class - Combustible Liquid NOS. NA 1993 (Hydrocarbons)

Use of Clear-Diesel® Fuel & Tank Cleaner will not harm diesel oxidation catalysts or diesel particulate filters.
